

About Us

Our Mission

Performance Rehabilitation Services is an organization of exceptional individuals with a common mission to promote excellence in orthopedic manual physical therapy services, to empower patients to become active in reaching all of their goals in a friendly setting, and to strive for excellence in professional development by seeking out the best possible training. Performance embraces individuals, employers, physicians, and other health care professionals to educate them on the benefits of manual physical therapy in rehabilitation clinics, the work place, and in our community.

Mission Statement

Performance Rehabilitation Services mission is to professionally and profitably offer the highest quality of physical therapy and rehabilitation services to the Greater New Orleans area while providing an environment that fosters great pride and excitement in our employees.

Vision Statement

Performance Rehabilitation Services vision is to be the most sought out medical provider and consultant in South East Louisiana.

Core Values

Performance Rehabilitation Services success is based on many professional and personal values with the following being considered our core values:

- *Commitment:*
 - ◆ Dedicated to the success of the company by performing to the highest level.
- *Team Work:*
 - ◆ Working together to achieve a common goal.
- *Accountability and Results:*
 - ◆ Performing with the understanding that we will be responsible for my role within the company and will deliver measurable results.
